LANGUAGE COURSE DEVELOPMENT INTERNSHIP

coLanguage.com is an online language school with its own language learning application combined with conversation classes.

Tasks:

- Design learning videos using AI tools
- Create exercises and learning materials
- Develop rich media content (images, videos, audio) for language learning
- Assist in syllabus and curriculum development
- Design cultural materials

Requirements:

- Currently studying linguistics, preferably in a teaching, translation or pedagogics degree during your master or final bachelor year.
- Must complete a mandatory internship and you can apply for an Erasmus+ internship.
- Fluent in English.
- Specialize in teaching Spanish, Polish, Dutch, French, Italian, or German.
- Desire to work in an international team.

Your values

- Open-minded with a strong interest in other cultures
- Detail-oriented and organized
- Appreciate working in a European international team
- Art and culture lover
- Passion for innovation.

Your benefits

- Perform your internship with new technologies
- Work and live in the heart of the Spanish tech scene in the Lanzadera offices in Valencia (business accelerator connected to EDEM university which supports coLanguage).
- Gain practical experience in an international environment
- Collaborate with a diverse and multicultural team

How to apply?

Please send your motivation letter and CV to jobs@colanguage.com to apply.
